Allowable Cost of Attendance Adjustments

Our standard budgets are good faith estimates of education related expenses an average student will have in an academic year. A student's budget can only be increased for educationally related expenses incurred by and for the student during the student's period of enrollment.

Budgets may be adjusted to include the following:

- Dependent care related to attendance at EOU during class and study times,
- Costs related to a disability,
- One-time costs of a computer purchase for educational purposes,
- Costs incurred, while enrolled, to obtain a professional license,
- Reasonable costs related to a study abroad program, and
- An allowance for reasonable costs related to your program of study.

Budgets may not be adjusted to include any of the following:

- Prior year expenses,
- Credit card or other consumer debts,
- Summer expenses unless enrolled at least half-time taking required coursework,
- Job interview or non-degree expenses related to ordination,
- Costs incurred outside of the current academic year, including costs incurred before matriculation or after the final day of the term,
- Legal fees, bail, traffic or parking tickets, or fines,
- Pet care, unless for a service animal, and
- Loan repayment.

Important Considerations of a Budget Adjustment

The request for a budget adjustment does not guarantee an adjustment will be made. Budget adjustment requests are reviewed by a financial aid administrator, within the context of federal financial aid regulations. Your request may be denied. You are encouraged to speak with a financial aid officer about your options.

After your budget is adjusted, your aid eligibility might not change. If you have already been awarded the maximum amount of federal aid for the year, your only aid eligibility may be an additional PLUS or private loan, both of which are subject to approval.

2024-2025 Budget Adjustment Request

Submitting a budget adjustment request does not guarantee additional financial aid funding.

You must submit detailed documentation to verify the expense. Documentation must clearly show the dollar amount paid (or to be paid) and the date of the expense. Except in cases of emergency, you may submit only one budget adjustment request per term or payment period. Only amounts above those already included in your standard budget will be considered.
